

# ARCANDIS-Alufin

## Cleaner for aluminium cookware

- ▲ Liquid dishwasher concentrate for commercial dishwashers
- ▲ Thorough removal of grease, starch and protein residues, as well as dried-on food
- ▲ Prevents the formation of limescale deposits
- ▲ Thanks to the special corrosion protection, especially suited for use in pot washers and for the cleaning of aluminium

### Area of application

For all types of alkali-resistant items made of aluminium, stainless steel, silver, porcelain and plastic. Anodised aluminium should be tested for suitability in advance. Do not use to clean items made of copper, brass or rubber components.

### Application

Please test on a small inconspicuous spot before first application. Consult the manufacturer's instruction manual.

### Mechanical dish washing:

The dosage values lie between 2–6 g/L of water.

Dosage takes place using the machine's integrated dosage mechanism or with the programmable KIEHL dosage devices. In order to achieve the best possible cleaning result, the dosage is set by a KIEHL service technician based on specific conditions (water hardness, level of soiling, type of machine).

Consumption depends on the specific conditions and specifications.

Ensure an optimum cleaning result by combining with the rinse aids ARCANDIS-Shine or ARCANDIS-Splend.

### Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

### Ingredients (according to 648/2004/EC)

Phosphonates < 5%, phosphates 5–15%, alkalis, dispersing agents, solubilizers, corrosion protection.  
pH value (concentrate): approx. 13.5

### Classification

Classification (in concentrate): GHS05, Danger. H314 Causes severe skin burns and eye damage. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P308+P313 IF exposed or concerned: Get medical advice/attention. Contains: Sodium Silicate (INCI)
