

ARCANDIS-Eco

Mild and highly effective glass and dishwashing liquid

- ▲ Liquid dishwasher concentrate for commercial single-tank and multi-tank dishwashers
- ▲ Fast and thorough removal of stubborn food residue, as well as tea and coffee remnants
- ▲ Reduces the build-up of starch on items over the long term
- ▲ Very effective for all water hardness levels
- ▲ Prevents the formation of limescale deposits
- ▲ Free from NTA, chlorine and phosphate
- ▲ Protects the material
- ▲ Awarded with the European Ecolabel

Area of application

For all types of alkali-resistant items made of porcelain, glass, stainless steel and plastic. Do not use to clean aluminium, rubber and items with sensitive decorations.

Application

When replacing the product, the dosage device and attached tubes must be thoroughly rinsed with water. Consult the manufacturer's instruction manual.

Mechanical dish washing:

Recommended dosage

| Recommended dosage for dishwashers | |
|---------------------------------------|------------------|
| Hardness level 1 (< 1.5 mmol/L) | 1 g/L of water |
| Hardness level 2 (1.5–2.5 mmol/L) | 2.5 g/L of water |
| Hardness level 3 (> 2.5 mmol/L) | 4 g/L Wasser |

Dosage takes place using the machine's integrated dosage mechanism or with the programmable KIEHL dosage devices. In order to achieve the best possible cleaning result, the dosage is set by a KIEHL service technician based on specific conditions (water hardness, level of soiling, type of machine). See table for dosage. Consumption: no indication possible. Consumption depends on the specific conditions and specifications.

Ensure an optimum cleaning result by combining with the rinse aids ARCANDIS-Shine or ARCANDIS-Splend.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to 1999/44/EC Art. 1! For professional use only! By dosing correctly and using the lowest recommended temperature, you can help to reduce water pollution and to save energy and water. You can find information about your local water hardness level from your local water supplier. Packaging material is recyclable.

| Art. No. | Packaging unit (PU) | Contents in kg | Numbers of PU per pallet |
|----------|---------------------|----------------|--------------------------|
| j560610 | 10 L canister | 13.0 | 60 |
| j560621 | 20 L canister | 26.0 | 36 |
| j560672 | 200 L drum | 260 | 2 |
| j560690 | 1000 L container | 1300 | 1 |

ARCANDIS-Eco

Mild and highly effective glass and dishwashing liquid

Ingredients (according to 648/2004/EC)

Phosphonates < 5%, polycarboxylates < 5%, alkalis, corrosion protection.
pH value (concentrate): > 13.5

pH value (ready-to-use solution): approx. 10.5

Classification

Classification (in concentrate): GHS05, Danger. H314 Causes severe skin burns and eye damage. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P308+P313 IF exposed or concerned: Get medical advice/attention. Contains: Potassium Hydroxide (INCI)
