

ARCANDIS-Forte

Intensive cleaner for commercial dishwashers

- ▲ Highly alkaline liquid dishwasher concentrate for commercial single-tank and multi-tank dishwashers
- ▲ Free from chlorine and phosphate
- ▲ Soft-water product, can be used for water hardness levels of up to 3°dH (0.534 mmol/L)
- ▲ In the case of higher levels of water hardness, always install a water-softening unit
- ▲ Prevents the formation of limescale deposits
- ▲ Thorough removal of grease, starch and protein residues, as well as dried-on food
- ▲ Ensures the hygienic cleanliness of the dishes

Area of application

For all types of alkali-resistant items made of porcelain, glass, stainless steel and plastic. Do not use to clean aluminium, rubber and items with sensitive decorations.

Application

Please test on a small inconspicuous spot before first application. Consult the manufacturer's instruction manual.

Mechanical dish washing:

The dosage values lie between 1–3.5 g/L of water.

Dosage takes place using the machine's integrated dosage mechanism or with the programmable KIEHL dosage devices.

In order to achieve the best possible cleaning result, the dosage is set by a KIEHL service technician based on specific conditions (water hardness, level of soiling, type of machine). Consumption: no indication possible.

Consumption depends on the specific conditions and specifications.

Ensure an optimum cleaning result by combining with the rinse aids ARCANDIS-Shine or ARCANDIS-Splend. When replacing the product, the dosage device and attached tubes must be thoroughly rinsed with water.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Nonionic surfactants < 5%, amphoteric surfactants < 5%, alkalis, additives.

pH value (concentrate): > 13.5

pH value (ready-to-use solution): approx. 11

Classification

Classification (in concentrate): GHS05, Danger. H314 Causes severe skin burns and eye damage. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P308+P313 IF exposed or concerned: Get medical advice/attention. Contains: Sodium Hydroxide (INCI)
