For you and yours! We do everything we can to combine very good performance with the highest possible skin and environmental compatibility.

AlmaWin products are eco-certified, highly biodegradable concentrates. The carefully selected natural raw materials are of plant and mineral origin. And where possible, the raw materials come from controlled organic cultivation.

AlmaWin products have been successfully dermatologically tested. This guarantees good skin compatibility.

Recyclable packaging and the use of FSC-certified cardboard and paper from recycled paper are standard. Since 2018, bottles made from 100% recycled plastic waste have also been used:

THE ENVIRONMENTAL HEROES! Recognizable by the small green leaf.

The AlmaWin products have been awarded the GREEN BRAND seal for sustainability.

Particularities

MORE INSIDE! Our dishwasher and washing machine cleaner is versatile. In the dishwasher, it reliably removes limescale and grease deposits from the interior, spray arms and filter insert - for hygienic cleanliness and machine care. It also cleans the washing machine thoroughly by reliably removing limescale, dirt, deposits and odors, especially in hard-to-reach areas. Regular use ensures energy-saving washing and rinsing and thus prolongs the optimum performance of the dishwasher and washing machine. Please follow the appliance manufacturer's instructions for use. Packaged in resource-saving recycled cardboard made from 30% grass paper. This saves water, energy and CO₂.

Short description

Special cleaner for hygienic cleaning of dishwashers and washing machines. Removes deposits and limescale even in inaccessible places.

article number	barcode (item)	barcode (packaging)	eco-ID	QR code
0190200	 4 019555 705601	 4 019555 715556	146184	

Application

Dishwasher: Use 1 bag for one cleaning cycle. Empty the dishwasher. Fill the dosing compartment with the contents of the bag, spread the remaining powder on the surface of the open dishwasher door. Select the washing program with the highest temperature and start it.

Washing machine: use 1 bag for one cleaning cycle. Add detergent to the main wash compartment of the washing machine. Start main wash cycle (at least 60 °C) without detergent and laundry.

Mode of action:

Actively frees from dirt and lime and grease deposits. The cleaner also reaches particularly inaccessible places such as the drum, pipes and heating elements. It removes odors and cares for rubber and metal parts. This prevents malfunctions and prolongs the life of the machine.

Application:

Suitable for dishwashers and washing machines.

Tip:

Regular use contributes to the protection and preservation of the machine and ensures energy-saving dishwashing or washing.

Usage instructions

Regular descaling and cleaning increases the service life of high-quality appliances. We have something for you: the AlmaWin dishwasher and washing machine cleaner actively frees the interior of the dishwasher and washing machine from dirt, limescale and grease deposits. It removes the breeding ground for germs and ensures hygienic freshness.

The AlmaWin dishwasher and washing machine cleaner is vegan and eco-certified by Ecogarantie. By complying with the strict criteria, we guarantee you ecologically sound products.

Cardboard: grass cardboard, inner bag: recyclable plastic foil.

Natural quality:

The ingredients are 100% of natural origin. Synthetic fragrances, dyes and preservatives are consistently avoided.

Vegan

Other notes

To protect the environment, run your dishwasher only when it is full, prefer low temperature cycles and follow the dosing instructions.
