# **SECTION 2: Hazards identification**

### 2.1. Classification of the substance or mixture

Not required

### 2.2. Label elements

### Additional advice on labelling

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP].

## 2.3. Other hazards

None known.

### **SECTION 3: Composition/information on ingredients**

## 3.2. Mixtures

## Chemical characterization

according to 648/2004/CE: nonionic surfactants 5-15%, anionic surfactants 5-15%, amphoteric surfactants <5%, additives, preservatives (Phenoxyethanol)

according to UK REACH Regulation

Disoman

Revision date: 12.12.2022

Product code: j5512\_sd

Page 2 of 8

### Hazardous components

CAS No	Chemical name		Quantity

## **SECTION 4: First aid measures**

### 4.1. Description of first aid measures

### **General information**

No hazards which require special first aid measures.

## After inhalation

not hazardous by inhalation

## After contact with skin

Wash off with plenty of water.

### After contact with eyes

Rinse thoroughly with plenty of water, also under the eyelids.

### After ingestion

Clean mouth with water and drink afterwards plenty of water. Prevent vomiting if possible.

Consult a physician if necessary.

#### 4.2. Most important symptoms and effects, both acute and delayed

This information is not available.

## 4.3. Indication of any immediate medical attention and special treatment needed

Show this safety data sheet to the doctor in attendance.

## **SECTION 5: Firefighting measures**

## 5.1. Extinguishing media

### Suitable extinguishing media

Any extinguishing means and measures are acceptable.

## according to UK REACH Regulation

### Disoman

Revision date: 12.12.2022

Product code: j5512\_sd

Page 3 of 8

## 5.2. Special hazards arising from the substance or mixture

## This information is not available.

## 5.3. Advice for firefighters

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. The product itself does not burn.

## **SECTION 6: Accidental release measures**

### 6.1. Personal precautions, protective equipment and emergency procedures

### General advice

Contaminated surfaces will be extremely slippery.

### For non-emergency personnel

No special measures are necessary.

#### For emergency responders

No special measures are necessary.

### 6.2. Environmental precautions

Do not flush into surface water.

### 6.3. Methods and material for containment and cleaning up

### For containment

Prevent spread over a wide area (e.g. by containment or oil barriers).

### For cleaning up

Wipe up with absorbent material (e.g. cloth, fleece).

Clean contaminated articles and floor according to the environmental legislation.

#### Other information

Never return spills in original containers for re-use.

### 6.4. Reference to other sections

Refer to protective measures listed in sections 7 and 8.

## **SECTION 7: Handling and storage**

### 7.1. Precautions for safe handling

### Advice on safe handling

No special precautions required.

#### Advice on protection against fire and explosion

No special protective measures against fire required.

#### Advice on general occupational hygiene

General industrial hygiene practice. No special protective equipment required.

## 7.2. Conditions for safe storage, including any incompatibilities

#### Requirements for storage rooms and vessels

Store at room temperature in the original container. Store in a place accessible by authorized persons only.

#### Further information on storage conditions

Keep container tightly closed.

Never return unused material to storage receptacle.

### 7.3. Specific end use(s)

This information is not available.

### **SECTION 8: Exposure controls/personal protection**

### 8.1. Control parameters

## according to UK REACH Regulation

Revision date: 12.12.2022

Product code: j5512\_sd

Page 4 of 8

## Additional advice on limit values

To date, no national critical limit values exist.

## 8.2. Exposure controls

## Appropriate engineering controls

Not required.

Individual protection measures, such as personal protective equipment

### Skin protection

Not required

## **Respiratory protection**

Not required

### **Environmental exposure controls**

Handle in accordance with good industrial hygiene and safety practice.

## **SECTION 9: Physical and chemical properties**

## 9.1. Information on basic physical and chemical properties

Physical state:liquidColour:light yellowOdour:characteristic	nethod
	nethod
	nethod

## **SECTION 10: Stability and reactivity**

### 10.1. Reactivity

This information is not available.

## 10.2. Chemical stability

This information is not available.

## 10.3. Possibility of hazardous reactions

This information is not available.

### 10.4. Conditions to avoid

Do not expose to temperatures above 35 °C.

### 10.5. Incompatible materials

This information is not available.

## 10.6. Hazardous decomposition products

No decomposition if stored and applied as directed.

#### Further information

Do not mix with other detergents or chemicals.

## **SECTION 11: Toxicological information**

## 11.1. Information on hazard classes as defined in GB CLP Regulation

## Acute toxicity

Based on available data, the classification criteria are not met.

CAS No	Chemical name				
	Exposure route	Dose	Species	Source	Method
69011-36-5	i-C13-Fatty alcohol polyglycol ethers 5-12 EO				
		ATE 500 mg/kg			

### Irritation and corrosivity

Based on available data, the classification criteria are not met.

### Sensitising effects

Based on available data, the classification criteria are not met.

### Carcinogenic/mutagenic/toxic effects for reproduction

Based on available data, the classification criteria are not met.

#### STOT-single exposure

Based on available data, the classification criteria are not met.

### STOT-repeated exposure

Based on available data, the classification criteria are not met.

### Aspiration hazard

Based on available data, the classification criteria are not met.

## 11.2. Information on other hazards

## according to UK REACH Regulation

## Disoman

Revision date: 12.12.2022

Product code: j5512\_sd

Page 6 of 8

## Endocrine disrupting properties

This information is not available.

## Further information

Health injuries are not known or expected under normal use.

## **SECTION 12: Ecological information**

#### 12.1. Toxicity

Based on available data, the classification criteria are not met.

This product has no known eco-toxicological effects.

## 12.2. Persistence and degradability

Contains no substances known to be hazardous to the environment or not degradable in waste water treatment plants. The surfactants in the product meet all requirements of the detergents regulation 648/2004/EC. This preparation contains no substance considered to be persistent, bioaccumulating nor toxic (PBT).

### 12.3. Bioaccumulative potential

Bioaccumulation is unlikely.

#### 12.4. Mobility in soil

This information is not available.

### 12.5. Results of PBT and vPvB assessment

The substances in the mixture do not meet the PBT/vPvB criteria according to UK REACH.

This preparation contains no substance considered to be very persistent nor very bioaccumulating (vPvB).

## 12.6. Endocrine disrupting properties

This product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms as no components meets the criteria.

## 12.7. Other adverse effects

This information is not available.

### Further information

Chemical Oxygen Demand (COD) 644 mg O2/g

### **SECTION 13: Disposal considerations**

### 13.1. Waste treatment methods

#### **Disposal recommendations**

Container should be emptied thoroughly. Do not pour remains of product in large quantities into the sewage.

### List of Wastes Code - residues/unused products

070699 WASTES FROM ORGANIC CHEMICAL PROCESSES; wastes from the MFSU of fats, grease, soaps, detergents, disinfectants and cosmetics; wastes not otherwise specified

### List of Wastes Code - used product

070699 WASTES FROM ORGANIC CHEMICAL PROCESSES; wastes from the MFSU of fats, grease, soaps, detergents, disinfectants and cosmetics; wastes not otherwise specified

### Contaminated packaging

Clean container with water. Return cleaned containers to the company for recycling. Offer rinsed packaging material to local recycling facilities.

### **SECTION 14: Transport information**

# Land transport (ADR/RID)

14.1. UN number or ID number:	not applicable
14.2. UN proper shipping name:	not applicable
